

You have no right to allow telemarketers to invade my privacy. I'd be willing to bet that every member of the FCC has an unlisted number, and if that is true causing New Jersey's Do Not Call law to be weakened would be hypocritical and unjust. Unlike you, I cannot afford to have a private secretary to screen the calls that are made to me. I have a right to NOT receive unsolicited calls from marketers, you should not have the right to allow them into my home or life.
